

Gender identity healthcare services standards: Right Decisions toolkit

The standards apply to all adults and young people who are:

- accessing or wishing to access gender identity healthcare
- transferring between healthcare services to ensure continuity of care
- people who are exploring their gender identity in relation to possible gender incongruence or dysphoria.

You can access the toolkit as a Right Decision Service (RDS) website and mobile app.

Access the **website** at:

<https://rightdecisions.scot.nhs.uk/genderidentity>

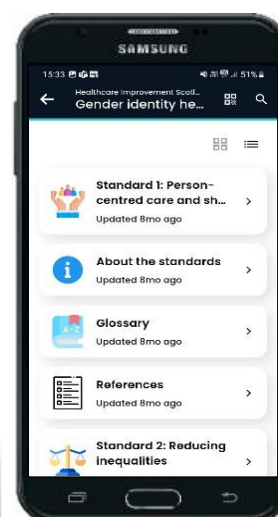

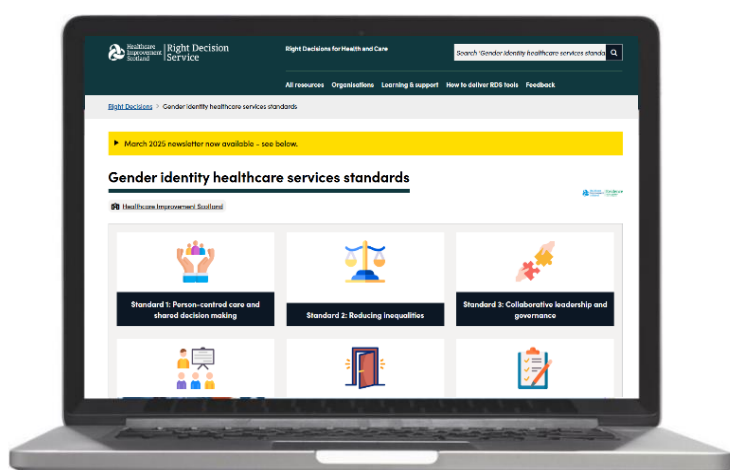

[Website](#)

Access the **mobile app**:

- Scan the QR code with your camera or QR code scanner or use the link: <https://rds.app.link/79657>
- If prompted, click on “Install” to install the app.
- Open Right Decisions and you will be taken to your toolkit automatically.
- When you next open the app you will find this toolkit saved in the My toolkits tab.
