Manage my meds

For more details,
ask at the library
counter

What's inside?

This resource helps you learn about your medicines.

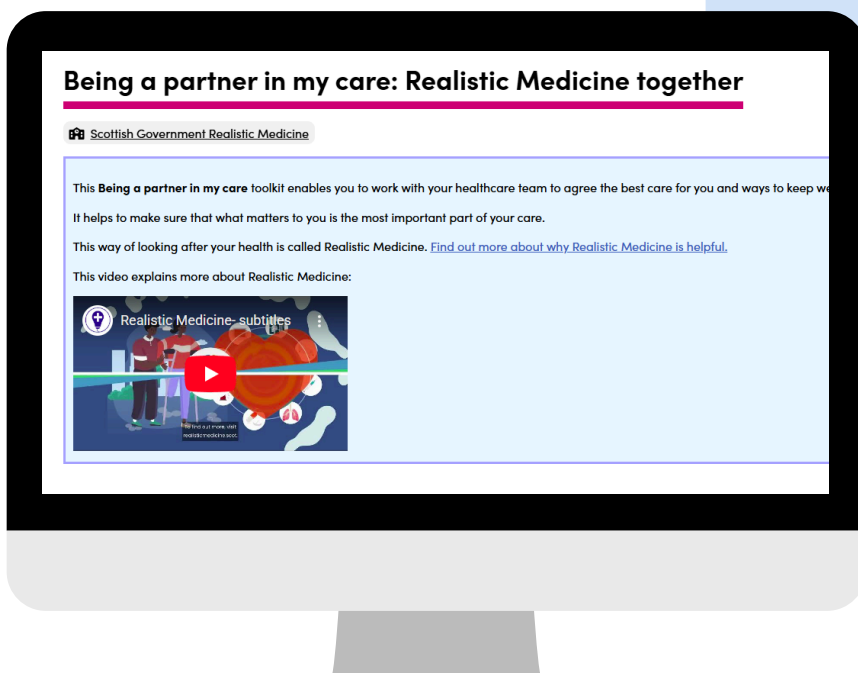

It shows you what your medicines do, how to use them safely, and what to ask your healthcare team.

Questions to help you make good choices about medicines

A medicines review is a chat with a healthcare team about how your medicines are working.

Is this medicine helping me?

The resource has tools that explain the benefits and risks of different medicines.
