Tel: 07974879570 (M-F 8-5)

1) Age >75 AND Clinical Frailty Scale (CFS) \geq 5

PLUS

2) At/close to baseline mobility in ED (involve ED OT if unsure) OR normally resident in a care home

AND 1 OR MORE OF...

3) Meeting H@H criteria

OR

Predicted LOS <48/72h

OR

Presenting with a frailty syndrome (fall, acute functional decline, reduced mobility, delirium)

Although our suggested criteria are here, we are happy to discuss any frail patient you think may benefit from specialist ED frailty input.

Frail patients definitely requiring admission will be picked up by frailty in AMU - we aim to focus on patients with potential for **early supported discharge**.
